

Slackware ARM current Installation Documentation

Directly Supported Hardware Models for Slackware ARM

Please note that the documentation for Slackware ARM remains as plain text, due to the amount of configuration detail required during the initial setup. There are no plans to migrate these to this wiki.

Specific Hardware Model numbers are identified at the head of each installation document.

Vendor	Hardware Model	Installation Instructions
Le Maker	Banana Pi models	Instructions
Orange Pi	Orange Pi (A20) v1.2	Instructions
Orange Pi	Orange Pi models	Instructions

Extra-Slackware Supported Hardware Models for Slackware ARM

The following Hardware Models are supported externally to Slackware ARM, and may require a separate Kernel and other packages.

Vendor	Hardware Model	Installation Instructions
Raspberry Pi Foundation	Raspberry Pi 3 & 4	SARPi Project
