

I made many modifications of formatting to make easier to follow the instructions.

Feel free to reverse these changes if you don't agree.

I might be out of my depth here, but I think the section which reads

```
add_network
set_network 0 ssid "Your_Wireless_SSID_Here"
set_network psk "Your_Password_Here"
```

should read as follows

```
add_network
set_network 0 ssid "Your_Wireless_SSID_Here"
set_network 0 psk "Your_Password_Here"
```

Other than that thanks very much for the how to.
