

Hans - Thanks for the contribution. I have taken the liberty of editing your English translation. You may also want to include <http://slakfinder.org/> in the Online section, as it is not restricted to official Slackware packages. — *David Allen* 2015/12/23 09:32

Thank you very much for the corrections. Looks way better than before. And I inserted slakfinder in the online section. Thanks for the hint. — *Hans Mueller* 2015/12/23 10:42
