

The first paragraph mentions an NTFS (sic) partition. Typo? [Niki Kovacs](#)

Not a typo. Just an example from my setup that I thought might have general applicability. — [David Allen](#) 2012/09/08 08:49

Why did you use a topic search function on the bottom of the page pointing to slackare13.37 and slackware14 tags? — [Matthew Fillpot](#) 2012/09/08 02:44

Because I thought that was the appropriate way to tag that the information was applicable to Slackware 13.37 and Slackware 14. — [David Allen](#) 2012/09/08 08:49

Don't use the *topic* markup in articles except in overview pages. Also do not use capitalization in tag names.
